Description

High output, multi mounting, LED 2x2 Panel lights. Suitable for low ceiling areas, with urban and classic interiors. Includes a 3-step McAdam binning. Su-prime adopted the backlit technology with uniform distribution of light with the help of TIR lens along with the light source. the product is currently avaialble in IP20 variant with a well built and designed metallic housing and polycarbon front diffuser. The product is with anti yellowish feature, since the higher grade of PC material is used with high transmission rate. The product is also available in IP44 rating on special request. multiple accesories to support multi mouting option along with the luminaire ant that need to be ordered as seperate. The product is currently available only in white finish.

Application Areas

Villas, Appartments, Office spaces, lobbies, classrooms, kitchens, apartment corridors, Small scale retails shops, pharmacies, hospitality spaces and lot more areas
