VIRTUO 3D

The Virtuo 3D surface-mounted downlight by Oxbridge Lighting combines cutting-edge 3D printing with high-efficiency performance. With a compact 111mm diameter and RA90 CRI as standard, it offers exceptional efficiency of up to 132 LLM/CW—exceeding 100 LLM/CW when multiple luminaires share a driver. Available in various colour temperatures and beam angles, it ensures design flexibility. Beyond standard finishes, Virtuo 3D embraces sustainability by enabling custom, 3D-printed designs in unique materials such as wood, stone, and cork. Options for remote, integral, or track-mounted drivers further enhance its versatility, making it the ideal choice for tailored, eco-conscious lighting solutions.

PRODUCT FAMILY TECHNICAL

Product Code	: VIR3D01527KC90XXXXXXXXX
Product Power	: 15.5W
Available CCTs	: 2700K
SDCM Binning	: 3
Rated CRI	: 90
Rated Lifetime	: L90-B10 - 50,000 Hrs @ Ta - 25°C
